

SiBs donation drive!

The SiBs program needs your help!

The SiBs program at the Association for Children with a Disability has been a valuable part of our service in supporting families since April 2002. A Sib (or sibling) is someone who has a brother or sister with a disability or chronic illness.

Despite several attempts over the past eight months to secure funding from government and philanthropic organisations, there are no funds to support the SiBs program from May 2009. This is far from an ideal situation for a program so unique and desperately needed.

Your donation

The future of the SiBs program depends on securing funds to develop and run the program. Your donation, big or small, is greatly appreciated and will go towards helping us continue to run SiBs. See pages 9 and 10 of the Autumn 2009 edition of NoticeBoard for details.

"I have read people's stories on the Your Shout website and some have moved me to tears, some have made me laugh and some make me really sad and I give my heart and encouragement to those that never give up on their siblings no matter what."
